

BREAKING NEWS

CHI COMPANIES NOW OFFERS PROPANE

Why?

CHI Companies has been contacted by unhappy propane customers for years. CHI has teamed up with EspiGas, the leading supplier of gases, to create the safest, most reliable program in the industry. Single billing source for your temporary heating equipment and your propane fuel.

Construction projects have not operated safely when using propane fuels. CHI will work with your team to design, upgrade and monitor your LP safety plan.

All CHI Service Technicians and their partners are propane PERC certified.

Pricing and Monitoring

For the same market LP price, CHI Companies offers twice the service and safety as any competitor, with free WIFI tank monitoring and automatic refills.

Call your CHI Representative for details: 800-523-4328
